

4)

Clock-50

50 M rising edges in one second.

So:

```

if rising edge (Clock-50)
    count++
if count
    if count < 50,000,000
        count++
    else
        count = 0
        Seconds++
  
```
